

**CROWN CAPITAL PARTNERS INC. AND SUBSIDIARY ENTITIES**  
**(collectively, the “Corporation”)**  
**DISCLOSURE AND INSIDER TRADING POLICY**

**A. GENERAL**

**1. Definitions**

Capitalized terms that are used in this Policy have the meanings set forth in Appendix A or as otherwise defined in this Policy. Readers are encouraged to review Appendix A carefully when reviewing this Policy. All other capitalized terms used in this Policy (whether defined or not) have the meanings set forth in the *Securities Act* (Ontario) and applicable rules thereunder.

**2. Purpose**

The following two principles are cornerstones of regulation in the capital markets. The first principle is that everyone who invests in Securities of the Corporation should have equal and timely access to Material Information. The second principle is that Insiders and others who are in a Special Relationship with the Corporation must not:

- (a) purchase or sell Securities of the Corporation or transact in a Related Financial Instrument (“**Insider Trading**”) while in possession of Undisclosed Material Information;
- (b) inform others of the Undisclosed Material Information except in the necessary course of business (“**Tipping**”); or
- (c) recommend or encourage another person to purchase or sell Securities of the Corporation or transact in a Related Financial Instrument while in possession of Undisclosed Material Information.

As a general rule, this means that individuals who act as directors, consultants, officers or employees of the Corporation or any of its Affiliates, as well as directors, consultants, officers or employees of a company that owns 10% or more of the Corporation, together with their immediate families, holding or investment companies and other related entities and all persons and companies acting on behalf of or at the request of any of them, will be subject to these legal restrictions.

These principles are enshrined in various provisions of securities law and the Toronto Stock Exchange (“**TSX**”) rules relating to the requirement to make continuous and timely disclosure, imposing liability for Misrepresentations in Documents, News Releases and Public Oral Statements and restricting trading by Insiders.

It is fundamental to the reputation and ongoing success of the Corporation to ensure that directors, consultants, officers and employees of the Corporation and its Affiliates as well as, to the extent practicable, those persons in a Special Relationship with the Corporation meet their obligations under these provisions of securities law and TSX rules. Accordingly, for this purpose, this Policy is intended to:

- (a) establish a process for the disclosure of all Material Information that will, among other things, ensure the Corporation complies with timely disclosure obligations and prevent the

selective disclosure of Material Information to analysts, institutional investors, market professionals and others;

- (b) establish a process for ensuring that Documents, including News Releases, issued by the Corporation, and Public Oral Statements by the Corporation, that contain Material Information, are accurate and do not contain a Misrepresentation;
- (c) ensure that directors, consultants, officers and employees of the Corporation and its Affiliates understand their obligations to preserve the confidentiality of Undisclosed Material Information; and
- (d) ensure that Designated Insiders of the Corporation and its Subsidiaries understand the prohibitions on illegal Insider Trading and Tipping under applicable securities law, stock exchange rules and this Policy.

The fact that this Policy contains lengthy and detailed provisions does not mean that it covers all circumstances that may arise. The subject matter of this Policy can raise difficult questions. Those questions can often be resolved satisfactorily only with experience and the making of informed judgments, often with the assistance of legal and other professional advice. This Policy should be interpreted and applied to achieve the purposes for which it was adopted.

#### **4. Application**

To the extent practicable, this Policy applies to anyone in a Special Relationship with the Corporation and each Associate of anyone in a Special Relationship with the Corporation.

Sections E.1 to J.4 of this Policy also apply to all other individuals authorized to speak on behalf of the Corporation, as contemplated by section C.1 of this Policy.

#### **5. Communications Covered**

This Policy applies to all methods and forms of communication by the Corporation, including disclosures that may reasonably be expected to be Generally Disclosed and/or contained in Documents that contain Material Information, statements in the Corporation's annual and quarterly reports, letters to shareholders, News Releases, Public Oral Statements (such as at shareholders' meetings, news conferences, analysts' conferences, private meetings with analysts, industry conferences or online conferences, etc.), information contained on the Corporation's website, including supplemental information packages, and other electronic communications that contain Material Information.

#### **6. Distribution**

The President & Chief Executive Officer of Crown Capital Partners Inc. (the "CEO") will distribute, or will cause to be distributed, a copy of this Policy or a summary of this Policy to each director, officer and employee of the Corporation upon becoming a director, officer or employee, annually thereafter, and whenever significant changes are made.

The CEO will also ensure that a copy of this Policy is posted on the Corporation's website.

## **7. Consequences of Non-Compliance**

Violations of this Policy can result in acute embarrassment to the Corporation and harm to the Corporation's reputation in the investment community. A violation of this Policy may also constitute a breach of securities law, including laws against Insider Trading and Tipping, and the Corporation may refer any such breach to the appropriate regulatory authorities. Accordingly, violation of this Policy could lead to fines, penalties, imprisonment and liability to investors and the Corporation for damages. The onus of complying with this Policy and the relevant rules is on each individual director, officer, employee and consultant of the Corporation and its Affiliates, each of whom is expected to be familiar with this Policy. A failure to comply with this Policy may result in the immediate suspension or dismissal of any officer or employee of the Corporation or any of its Subsidiaries, termination of any consultant of the Corporation or the immediate request for the resignation of any director of the Corporation.

## **B. DISCLOSURE COMMITTEE**

### **1. Formation of the Disclosure Committee**

The CEO and the Chief Financial Officer of Crown Capital Partners Inc. (the "CFO") will be responsible for the implementation of this Policy and are referred to in this Policy as the "Disclosure Committee". The CEO shall Chair the Disclosure Committee and the Disclosure Committee may add new members, at any time and from time to time, in consultation with the Audit & Risk Committee. In addition, outside legal counsel shall not be a member but shall participate in meetings of the Disclosure Committee in an advisory capacity where deemed appropriate by the Disclosure Committee. Two members of the Disclosure Committee will constitute a quorum.

### **2. Responsibilities of the Disclosure Committee**

The Disclosure Committee has the responsibility to:

- (a) review and approve, before they are Generally Disclosed, all written, electronic and oral statements (including all News Releases, Documents and Public Oral Statements) that may contain Material Information;
- (b) make determinations about whether:
  - (i) any information is Material Information;
  - (ii) a Material Change has occurred;
  - (iii) selective disclosure has been or might be made; or
  - (iv) a Misrepresentation has been made;and, in this regard, consult with legal counsel or other appropriate expert advisors as the Disclosure Committee may deem necessary;
- (c) make all other determinations under this Policy and grant any permitted exemptions from this Policy;
- (d) monitor the effectiveness of and compliance with this Policy;

- (e) educate the directors, consultants, officers and employees of the Corporation and its Affiliates about the matters covered by this Policy;
- (f) liaise with Affiliates, as necessary, with respect to this Policy;

- (i) report to the Board of Directors (the "Board"), the Audit & Risk Committee or another committee of the Board as contemplated by section F.9 of this Policy and by the other provisions of this Policy.

### **3. Meetings and Minutes**

It is not expected that the Disclosure Committee will have formal meetings and prepare minutes of meetings, although there may be circumstances where the Disclosure Committee considers it desirable to do so. Many decisions made by the Disclosure Committee will be made on a real-time basis as a result of informal meetings and consultations among the members of the Disclosure Committee. In all cases, however, the Disclosure Committee should prepare and retain a written or electronic copy of all of its decisions (including any exemptions granted) even if that record consists only of a memorandum-to-file describing the decisions made.

The Disclosure Committee shall prepare a quarterly report to be presented and reviewed at each quarterly meeting of the Audit & Risk Committee, which report may also constitute the record of the Disclosure Committee decisions.

## **C. SPOKESPERSONS**

### **1. Individuals Who Are Authorized to Speak on Behalf of the Corporation**

- (a) Only the following individuals ("Spokespersons") are authorized to make Public Oral Statements, communicate with the media, or give presentations to analysts and investors:
  - (i) the Chair of the Board;

- (d) Everyone to whom this Policy applies who is approached by a securities regulatory authority, a stock exchange, an analyst, the media, an investor, or any member of the public and asked to comment in any material manner on the business or affairs of the Corporation must not respond, except to refer all inquiries to the Spokespersons. The person approached must immediately notify one of the Spokespersons that the approach was made.

## **D. IDENTIFYING MATERIAL INFORMATION**

### **1. Responsibility to Advise Disclosure Committee of Potential Material Information**

Anyone subject to this Policy who becomes aware of a new development, circumstance or information that may constitute Material Information must immediately advise at least one member of the Disclosure Committee. If there is any doubt whether any particular information is Material Information, a member of the Disclosure Committee must be consulted.<sup>1</sup>

### **2. Determining Whether or Not Information is Material Information**

- (a) The Disclosure Committee is responsible for determining whether or not information is Material Information, in consultation with legal counsel or such other expert advisors as the Disclosure Committee may deem necessary or appropriate.
- (b) In determining whether or not information is Material Information, the Disclosure Committee must, at a minimum, apply the following principles:
  - (i) The determination of whether or not information is Material Information often involves the exercise of difficult business judgment based on experience.
  - (ii) Regulators have provided examples of events and information that they believe may be material. See Appendix B for examples of information that the Canadian Securities Administrators and the TSX believe may be material.
  - (iii) Materiality of information is affected by factors such as the Corporation's existing disclosure record, the volatility and liquidity of the Corporation's Securities and prevailing market conditions.
  - (iv) If there is doubt about whether particular information is Material Information or has been Generally Disclosed, the Disclosure Committee should consult with the Audit & Risk Committee and everyone subject to the Policy should act prudently and conservatively.
- (c) The Disclosure Committee should monitor the market's reaction to the release of information that is Generally Disclosed to assist it in making future judgments about the kinds of information that are likely to be Material Information.

---

<sup>1</sup> Regardless of whether any information may be Material Information, directors, consultants, officers and employees of the Corporation must treat all information as confidential unless they are absolutely certain the information has been Generally Disclosed. See Section (J)(1) of this Policy.

## E. APPROVALS

### 1. Approval by Disclosure Committee Before Public Disclosure

Documents that contain Material Information, including News Releases that are associated with Documents, and Public Oral Statements that contain Material Information, must be reviewed and approved by the Disclosure Committee before they are issued or made. In approving the disclosure, the Disclosure Committee must apply the following principles:

- (a) The Disclosure Committee must be satisfied that the issuance or making, timing of release and content of any Document (including a News Release that is associated with a Document) or Public Oral Statement complies with the Corporation's disclosure obligations under applicable law and this Policy.
- (b) Before the issuance of any Document (including a News Release that is associated with a Document) or the making of any Public Oral Statement, the Disclosure Committee must:
  - (i) be satisfied that the directors, consultants, officers and employees of the Corporation (as applicable) have conducted or caused to be conducted, a reasonable investigation to satisfy themselves that a Document (including a News Release that is associated with a Document) or Public Oral Statement is not inaccurate, does not contain a Misrepresentation and is not, in a material respect, misleading or untrue; and
  - (ii) be satisfied that a Document (including a News Release that is associated with a Document) or Public Oral Statement is not inaccurate, does not contain a Misrepresentation and is not, in a material respect, misleading or untrue.

- (d) If any part of a Document (including a News Release that is associated with a Document) or Public Oral Statement is based upon disclosure ("**Third Party Disclosure**") contained in a document filed by a person other than the Corporation (a "**Third Party**") with the Commission or any other securities regulatory authority in Canada or the United States or a stock exchange, the Disclosure Committee must:
  - (i) be satisfied that the Third Party Disclosure was not corrected in another document filed by the Third Party with the Commission or any other securities regulatory authority in Canada or the United States or a stock exchange before the issuance of such Document or the making of such Public Oral Statement;

- (ii) ensure that such Document or Public Oral Statement contains a reference identifying the document containing the Third Party Disclosure; and

- (f) The Disclosure Committee should also consider and be satisfied that approval of the Board and/or the Audit & Risk Committee is not necessary or desirable prior to the issuance of a News Release or other Non-Core Document or the making of a Public Oral Statement. The Disclosure Committee must not, however, delay the issuance of a News Release which the Disclosure Committee considers to be required by applicable law or this Policy for the purpose of obtaining the approval of the Board.

## **2. Approval of Financial Information by the Audit & Risk Committee and Board**

In addition to approval by the Disclosure Committee: (a) all News Releases disclosing financial information must be approved by the Audit & Risk Committee; (b) all News Releases disclosing Earnings Guidance must be approved by the Audit & Risk Committee prior to approval by the Board; and (c) all News Releases disclosing financial information that will be based on or derived from the Corporation's financial statements must be approved by the Audit & Risk Committee prior to approval by the Board. If not inconsistent with the Corporation's obligation under securities laws, where practicable, the financial statements should be filed with the securities regulatory authorities at the same time as or reasonably promptly after the earnings are announced in a News Release.

## **3. Approval of Core Documents by Board**

Each Core Document must be reviewed and approved by the applicable committee of the Board and the Board before its issuance.

The Disclosure Committee or the members of senior management who are responsible for the oversight and/or preparation of the applicable document (the "**Responsible Persons**") must report to the Board that:

- (a) the Disclosure Committee or Responsible Persons have reviewed the Core Document and approved its issuance;
- (b) after reasonable inquiry:
  - (i) it is or they are satisfied that the Core Document is not inaccurate, does not contain a Misrepresentation and is not, in any material respect, misleading or untrue;
  - (ii) if any part of a Core Document includes summaries or quotes from a report, statement or opinion made by an Expert, the Disclosure Committee has obtained the written consent of the Expert to the use of the report, statement or opinion and the Disclosure Committee or Responsible Persons are satisfied that:
    - (A) there are no reasonable grounds to believe that there is a Misrepresentation in the part of the Core Document made on the authority of the Expert; and

- (B) the part of the Core Document made on the authority of the Expert, fairly represents the report, statement or opinion made by the Expert;
- (iii) if any part of a Core Document is based upon Third Party Disclosure, the Disclosure Committee or Responsible Persons are satisfied that:
  - (A) the Third Party Disclosure was not corrected in another document filed by the Third Party with the Commission or any other securities regulatory authority in Canada or the United States or a stock exchange before the issuance of the Core Document by the Corporation;
  - (B) the Core Document contains a reference identifying the document containing the Third Party Disclosure; and
  - (C) they have reasonable grounds to believe that the Third Party Disclosure does not contain a Misrepresentation; and
- (iv) the Corporation's disclosure control system would in the ordinary course have given the Disclosure Committee or Responsible Persons knowledge of all the facts relevant to be disclosed in the Core Document.

## **F. DISCLOSURE OF MATERIAL INFORMATION**

### **1. Disclosure of Material Changes**

The Disclosure Committee must ensure that:

- (a) subject to section F.4 of this Policy, all Material Changes are Generally Disclosed forthwith upon the occurrence of the Material Change; and
- (b) all Material Changes are reported in a material change report that is filed with securities regulatory authorities in Canada as soon as practical and in any event no later than ten (10) days after the Material Change occurs.

### **2. Disclosure of Material Information that Does Not Constitute a Material Change**

Subject to section F.4 of this Policy, Material Information that does not constitute a Material Change must be Generally Disclosed forthwith upon becoming known to the directors, consultants, officers and employees of the Corporation and its Subsidiaries, or in the case of information previously known, upon discovering that the information is Material Information.

### **3. Procedures When Material Information is Being Generally Disclosed**

- (a) The following procedure should be followed when Material Information is being Generally Disclosed:
  - (i) Market Surveillance should be contacted before:
    - (A) the issuance of a News Release, if the TSX will be open at the time the News Release is to be issued, and be advised of the Material Information,

the timing of the disclosure and whether a trading halt is requested, and be sent a copy of the proposed News Release by fax or email; or

- (B) trading opens on the next Trading Day if the TSX was closed at the time the News Release was issued, and be advised of the News Release.
- (ii) a full-text News Release should be issued through a full-text news service providing wide dissemination to the Canadian financial press and daily newspapers in the areas where the Corporation has operations and to all TSX participating organizations and applicable securities regulatory authorities.
- (b) Everyone to whom this Policy applies must treat the Material Information as Undisclosed Material Information until it has been Generally Disclosed.
- (c) If circumstances permit, where the Material Information being Generally Disclosed is a planned disclosure (such as a scheduled earnings release) which is to be followed by a media conference call, the Corporation should:
  - (i) include in the News Release the date and time of the conference call, the subjects to be discussed and the means for accessing the conference call;
  - (ii) hold the conference call in an open manner, permitting investors and others to listen either by telephone or through the Internet; and
  - (iii) provide dial-in and/or web replay of the conference call or make transcripts available for some reasonable period after the conference call.
- (d) A copy of every News Release issued by the Corporation and of every material change report filed by the Corporation must be promptly distributed to the Board.

#### **4. Where Disclosure of Material Information Would Be Detrimental**

- (a) If the Disclosure Committee, after consultation with legal counsel and such other expert advisors as it deems necessary or appropriate, is of the opinion, and if that opinion is arrived at in a reasonable manner, that the issuance of a News Release announcing Material Information would be unduly detrimental to the Corporation's interests, the Disclosure Committee may:
  - (i) if the Material Information is a Material Change, authorize and approve the filing of a confidential material change report in accordance with applicable securities law; and
  - (ii) follow the confidentiality procedures set out in paragraph (b) of this section.
- (b) When Material Information has not been Generally Disclosed in the circumstances described in paragraph (a) of this section, the Disclosure Committee must:
  - (i) take steps to ensure that all persons with knowledge of the Material Information are aware of their obligation to keep the information confidential until such time as it is disclosed in a News Release and to refrain from purchasing or selling Securities of the Corporation or Related Financial Instruments, and Securities and

related financial instruments of any other issuer that is affected by the Material Information, until such time as the information has been Generally Disclosed;

- (ii) take reasonable steps to ensure that the Corporation does not release a Document or make a Public Oral Statement that, due to the Undisclosed Material Information, may contain a Misrepresentation;
  - (iii) promptly Generally Disclose the Material Information when in the reasonable opinion of the Disclosure Committee:
    - (A) the reasonable basis for confidentiality ceases to exist;
    - (B) the Material Information has become publicly known in a manner other than required under applicable securities law; or
    - (C) the Corporation has become aware or has reasonable grounds to believe that persons are purchasing or selling Securities of the Corporation or Related Financial Instruments, or Securities or related financial instruments of any other issuer that is affected by the Material Information, with knowledge of the Material Information;
  - (iv) monitor market trading activity in the Corporation's Securities, and in the Securities of any other issuer that is affected by the Material Information, in order to be able to make the determinations referred to in clauses B or C above; and
  - (v) review the circumstances at least every ten (10) days and either renew the confidential filing of the material change report, if applicable, or ensure that the Material Information is promptly Generally Disclosed.
- (c) When a confidential material change report is filed or renewed, the Disclosure Committee must promptly advise the Board of:
- (i) the fact that a confidential material change report was filed or renewed and distribute a copy of the confidential material change report to them; and
  - (ii) the reasons for concluding that it would be unduly detrimental to the Corporation's interests for the Material Information to be Generally Disclosed.

## **5. News Releases**

- (a) A News Release must generally comply with the following requirements:
  - (i) The information in a News Release must be factual and balanced and must include any information the omission of which would make the News Release misleading.
  - (ii) Unfavourable information must be disclosed as promptly and completely as favourable information.
  - (iii) The News Release must contain sufficient detail to enable the media and investors to understand the substance and importance of the information being disclosed.

- (iv) The News Release must contain the name and contact information of Spokespersons from whom further information may be obtained.
- (v) Disclosure should not be made of an intention to proceed with a transaction or action unless the Corporation has the ability to carry out the intention.
- (b) The Disclosure Committee must obtain the approval of the Audit & Risk Committee and the Board before issuing a News Release containing: (i) Earnings Guidance; or (ii) financial information that will be based on or derived from the Corporation's financial statements.
- (c) The Disclosure Committee must obtain the approval of the Audit & Risk Committee before issuing a News Release containing financial information.

## **6. Correcting Errors**

If the Disclosure Committee determines that a News Release, Document or a Public Oral Statement issued or made contains a Misrepresentation or is in any material respect misleading or untrue, or there has been a failure by the Corporation to make timely disclosure of a Material Change, the Disclosure Committee must:

- (a) take immediate steps to Generally Disclose correcting information or the Material Change; and
- (b) immediately advise the Board.

## **7. Quiet Period**

- (a) In order to avoid the potential for selective disclosure or even the perception or appearance of selective disclosure, the Corporation and its directors, consultants, officers and other employees will observe a "Quiet Period" commencing three weeks prior to the date when the earnings for a quarter or year are scheduled to be publicly disclosed by way of a News Release and ending after public dissemination of such News Release.
- (b) During this time, neither the Corporation nor any of its directors, consultants, officers or employees will initiate or respond to requests for any meetings (including public speaking engagements and investor presentations) or telephone or other communications with analysts, the media, market professionals, investors and the public relating to a review of or comment on analysts' financial models or reports, earnings, Earnings Guidance or other forward-looking information.
- (c) For greater certainty, during a Quiet Period, the Corporation and its directors, consultants, officers and employees may nevertheless respond to requests for any meetings (including public speaking engagements and investor presentations) or telephone or other communications with analysts, the media, market professionals, investors or the public relating to non-earnings information, non-Earnings Guidance or other non-forward-looking information, or relating to non-Material Information or Material Information that has previously been Generally Disclosed.
- (d) Should inquiries be made during a Quiet Period concerning analysts' financial models or reports, earnings information, Earnings Guidance or other forward-looking information,

the Corporation and its directors, consultants, officers and other employees will clearly state to participants that it is the Corporation's policy not to discuss such matters.

## **8. Disclosure Record**

The Corporation must retain an up-to-date paper or electronic file containing copies of all News Releases, Documents that contain Material Information, Public Oral Statements that contain Material Information (to the extent that there is a paper or electronic file containing such statements) and transcripts, recordings, minutes or presentation materials (as applicable) of all shareholders' meetings, news conferences, analysts' conferences, private meetings with analysts, industry conferences and online conferences for at least five years. The Corporation must also retain (to the extent practicable) a record of participants in analysts' conferences, private meetings with analysts, industry conferences and online conferences.

## **9. Reporting to the Board**

- (a) The Disclosure Committee should keep the Board informed of all significant corporate developments and Material Information that has been Generally Disclosed.
- (b) In addition to the other reporting to the Board contemplated by this Policy, the Disclosure Committee must report promptly to the Board and the Audit & Risk Committee in accordance with the Corporation's Integrity Program from time to time any significant issues arising under this Policy (such report to be made at the time such issues arise), including any circumstances where:
  - (i) there may have been a Misrepresentation in a New Release, Document or Public Oral Statement;
  - (ii) there may have been a failure to make disclosure of Material Changes when required under applicable securities law;
  - (iii) there is a serious occurrence of selective disclosure; or
  - (iv) securities regulatory authorities or the TSX have asked questions about or inquired into the Corporation's disclosure practices or whether any News Release, Document or Public Oral Statement may have contained a Misrepresentation or was, in any material respect, misleading or untrue or whether the Corporation has failed to make disclosure of a Material Change when required.
- (c) The Disclosure Committee must report to the Audit & Risk Committee and to the Board at least quarterly as to the effectiveness of and compliance with this Policy.

## **G. PURCHASE AND SALE OF THE CORPORATION'S SECURITIES**

### **1. Trading Officer**

For the purposes of this Policy, "Trading Officer" will mean the CEO or the CFO.

## **2. Notification of Trades**

- (a) Each Designated Insider and each Associate of a Designated Insider must notify a Trading Officer before purchasing or selling any Securities of the Corporation or Related Financial Instruments.
- (b) Each Designated Insider and each Associate of a Designated Insider must notify a Trading Officer of all purchases or sales of Securities of the Corporation or Related Financial Instruments within one calendar day after completing such sales or purchases.
- (c) A Trading Officer, other than CEO, must notify the CEO before purchasing or selling any Securities of the Corporation or Related Financial Instruments. The CEO must notify the Chair of the Board before purchasing or selling any Securities of the Corporation or Related Financial Instruments.
- (d) A Trading Officer, other than CEO, must notify the CEO of all purchases or sales of Securities of the Corporation or Related Financial Instruments within one calendar day after completing such sales or purchases. The CEO must notify the Chair of the Board of all purchases or sales of Securities of the Corporation or Related Financial Instruments within one calendar day after completing such sales or purchases.

## **3. Prohibitions on Trading the Corporation Securities**

- (a) No one subject to this Policy may purchase or sell Securities of the Corporation or a Related Financial Instrument while they possess Undisclosed Material Information. Doing so would constitute a breach of this Policy and illegal Insider Trading.
- (b) No one subject to this Policy may purchase or sell Securities of the Corporation or a Related Financial Instrument during a Black-out Period.
- (c) The prohibitions in (a) and (b) above apply to grants of options, restricted share units and deferred share units under the Corporation's equity-based compensation plans.

## **4. Exceptions**

Despite paragraph 3(b) of this section, anyone subject to this Policy may purchase or sell Securities (or a Related Financial Instrument) during a Black-out Period with the prior written consent of a Trading Officer. A Trading Officer will grant permission to purchase or sell during a Black-out Period only in exceptional circumstances. Exceptional circumstances may include the sale of Securities in the case of financial hardship or where the timing of the sale is important for tax planning purposes.

## **5. Other Issuers**

Illegal Insider Trading in Securities of another public issuer and illegal Tipping of undisclosed material information relating to another issuer can bring the Corporation into disrepute. Accordingly, neither the Corporation nor anyone subject to this Policy who possesses undisclosed material information relating to that other issuer may:

- (a) purchase or sell Securities or related financial instruments of the other issuer while they possess the undisclosed material information;

- (b) engage in Tipping of the undisclosed material information relating to the other issuer; or
- (c) recommend or encourage another person to purchase or sell Securities of the other issuer or transact in a Related Financial Instrument while they possess undisclosed material information relating to that other issuer.

In connection with the performance of investment due diligence, employees may meet with executives of investee companies and other relevant third parties, such as managers of investment funds in which the Corporation is invested, that may possess undisclosed material information relating to another issuer. During such discussions, questions directed by personnel of the Corporation should focus on developing knowledge of the investee company, industry and/or investment fund and the purpose should not be to seek undisclosed material information relating to another issuer.

From time to time, however, Crown personnel may receive undisclosed material information as a result of these discussions. Upon receipt of undisclosed material information, the individual must report possession of such to the CEO. If personnel are in doubt about this matter, the CEO shall be asked to determine whether the information is material and has not been publicly disclosed, and the CEO may decide to issue and circulate immediately a temporary ban on the trading of the security. This will be referred to as the Restricted Trading List and will be maintained by the CEO. The list will dictate that any employee may not maintain positions, solicit business, or provide indications in Securities of any company that is on the Restricted Trading List. The extent of this ban will be determined on a case-by-case basis. The ban will be lifted only after the information has been generally disclosed to the public. Information is considered to have been generally disclosed to the public after it has been disseminated in the press, through print or electronic media (i.e. newspapers, wire service, etc.). The CEO shall circulate the Restricted Trading List on a monthly basis and when there are any changes to the Restricted Trading List.

## **6. Speculation, Hedging and Short Sales**

- (a) Persons subject to this Policy are to avoid purchasing or selling Securities of the Corporation with the intention of reselling or repurchasing in a relatively short period of time in the expectation of a short-term rise or fall in the market price of the Securities of the Corporation. Speculating in Securities of the Corporation for short-term profit is distinguished from purchasing and selling Securities of the Corporation as part of a long-term investment program.
- (b) No one subject to this Policy may, at any time, purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, instruments for the short sale or purchase or sale of call or put options, equity swaps, collars, or units of exchangeable funds, that are designed to or that may reasonably be expected to have the effect of hedging or offsetting a decrease in the market value of any Securities of the Corporation.

## **7. Insider Reports**

- (a) It is the personal responsibility of each Insider that is a Reporting Insider to comply with his, her or its obligation to report purchases and sales of Securities of the Corporation or Related Financial Instruments in accordance with applicable law.
- (b) Each Insider that is a Reporting Insider must promptly inform a Trading Officer after a purchase or sale of Securities of the Corporation or Related Financial Instruments has been completed.

## H. AVOIDING SELECTIVE DISCLOSURE

### 1. Shareholders' Meetings, News Conferences, Analysts' Conferences, Industry Conferences and Online Conferences

- (a) Selective disclosure occurs when Undisclosed Material Information is communicated to particular persons such as analysts, institutional investors, investment dealers or other third parties, other than in the necessary course of the Corporation's business. *No selective disclosure of Undisclosed Material Information, including Earnings Guidance, is permitted.*
- (b) When participating in shareholders' meetings, news conferences, analysts' conferences, private meetings with analysts, industry conferences and online conferences and in any other circumstances where a Public Oral Statement may be made, the Corporation's Spokespersons must take care to disclose only information that is not Material Information or that is Material Information that has previously been Generally Disclosed. For greater certainty, acceptable topics of discussion may, depending on the circumstances, include the Corporation's general prospects, the business environment, management's philosophy and long-term strategy.
- (c) To protect against selective disclosure, the following procedures must be followed where practical:
  - (i) the Corporation's Spokespersons who are participating in meetings or conferences of the nature referred to in paragraph (b) above, should script their comments when considered appropriate and consider answers to anticipated questions in advance of the meeting or conference;
  - (ii) scripts (if any) must be reviewed and approved by the Disclosure Committee (or by at least one member of the Disclosure Committee other than the member who has prepared the scripts or is proposing to make the statements contemplated for the scripts) before the meeting or conference and any Undisclosed Material Information that is contained in the scripts must be Generally Disclosed before the meetings or conferences or deleted from the scripts if it is premature for the information to be Generally Disclosed; and
